AQUAFEEED HORIZONS ASIA CONFERENCE 2010

The 4th Aquafeed Horizons Conference will provide aquafeed producers and the allied industries in the Asia Pacific region with information to help them adapt, improve and innovate in order to stay ahead. It will be held in association with Victam Asia, the region's leading feed show.

The Aquafeed Horizons Asia Conference will take place at the Queen Sirikit National Convention Center, Bangkok, Thailand, on March 3, 2010.

WORKSHOP AIMS

The conference will deliver an expert level of technical information to meet the needs of the commercial aquafeed industry, particularly in Asia and the Pacific region. An international group of acclaimed speakers will discuss feed ingredients and processing technology to meet the challenges faced by today's aquafeed producers, to deliver safe, nutritious diets to the world's fish and shrimp farmers.

WHO SHOULD ATTEND?

The meeting is designed for aquafeed manufacturers, formulators, nutritionists, ingredient buyers and other aquafeed industry professionals. It will also provide invaluable insights for service, ingredient and additive suppliers, researchers, veterinarians and others whose business depends on understanding the needs of the aquafeed industry and the possibilities offered by advances in feed formulation and technology.

ABOUT THE ORGANIZERS

The Aquafeed Horizons Asia Conference is brought to you by Linx Conferences, the conference division of Aquafeed.com, the leading information providers for the worldwide aquafeed industry and feed industry publishers, Linx Publishing.
